

Katherine Marcott

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a company who's mission aligns with my core values.

WORK EXPERIENCE

Software Engineer at 100devs Agency | Jacksonville, FL

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built various semantically structured web applications for mobile and desktop devices
- Maintained detailed documentation and git history for all projects and used Github in a team environment.
- Performed agile methodologies like SCRUM for project management
- Implemented RESTful API's & CRUD Database Projects.

Full Stack Web Developer (Freelance) | Jacksonville, FL

July 2021 — Present

- Created desktop and mobile friendly responsive designs using tools such as Figma.
- Delivered software solutions utilizing powerful web technologies such as JavaScript, React, Node.js, etc.
- Consulted on SEO and Social Media Presence Strategies.

Medical Scribe - Dermatology Department at Deaconess, Remote

Jan. 2020 — August 2021

Medical Scribe - Emergency Department at Memorial, Jacksonville, FL

May 2018 — Jan. 2020

- Accompanied physicians through patient visits and assisted in documenting patient history, physical exam findings, procedures, diagnostics, treatment plans, prescriptions, and discharge/follow up information.
- Managed confidential documents and materials.
